OPITO COURSES

Offshore Petroleum Industry Training Organisation

Major Emergency Management Initial Response (MEMIR)

Course Aim & Objective

The aim of the MEMIR Training is to equip personnel with formal training in command, control, communications and stress-related factors in the management of major emergencies.

In addition, this program also provides initial emergency management training for personnel who are undertaking a training and competence program to progress to the role of an **emergency response manager**.

Duration
2 - 4 Days

Validity
No expiry

O.I.M. Controlling Emergencies Assessment

Course Aim & Objective

The aim and objective of the OIM Controlling Emergencies Competence Assessment are to formally assess the candidate in the role of an **Offshore Installation Manager (OIM)** during an emergency situation in a simulated environment.

The target group for this course is personnel who have been deemed ready by their employer to be formally assessed in the role of an OIM during an emergency situation.

Duration
1 - 3 Days

Validity
No expiry

Control Room Operator (CRO) Emergency Response

Course Aim & Objective

The aim and objective of the CRO Emergency Response Competence Assessment are to formally assess the candidate in the role of the **Control Room Operator** during an emergency situation in a simulated environment.

Certificate Validity

The CRO Emergency Response Competence Standard has no formal expiry date. However, it is recommended that candidates are re-assessed, as a minimum, every 3 years.

Duration
1 - 3 Days (2 CRO assessed per day)

“Get certified and be a competent ER manager”
